A ferme amitié qui nous lie, N'est pas vne amoureuse enuie Des faueurs que nous suivons tous, D'une montagne ou d'une mer Ce n'est ni l'or, ni lesperance D'en auoir, mais la souuenance

Des vertus qui luisent en vous. Cest vne douceur naturelle,

Vne aliance mutuelle, Vn cœur entierement ouuert, Vne bonté non contrefaitte, Mais vraye, naïue, & parfaitte, Qui libre, a tout le monde fert.

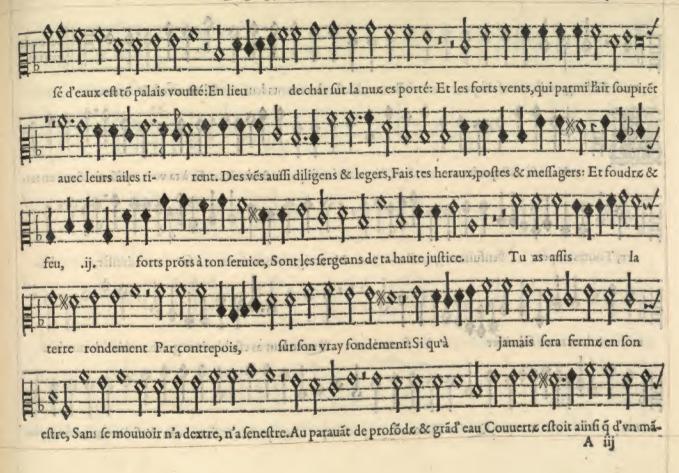

Ne pensés dong que vostre absence, Me face oublier la presence, Ni le souvenir de vous deux, De vous, deux freres, que l'honore, Que ie prise, & que l'ayme encore, Comme le cerceau de mes yeux.

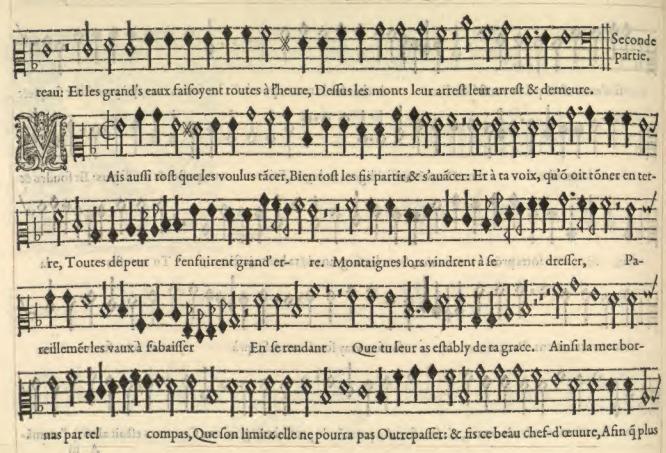

Et quant cette amitié sacrée, Seroit desjointe, & separée, La mer, ni les mons, ni l'enuie, Ne sçauroient faire que ma vie Ne soit serue pour vous aymer.

La souvenance en est entiere, Mais elle reste prisonniere, N'ayant heur que le bon vouloir, Prenez doncques de main egalle. Ma volonté, plus liberalle Mille fois, que n'est le pouuoir.

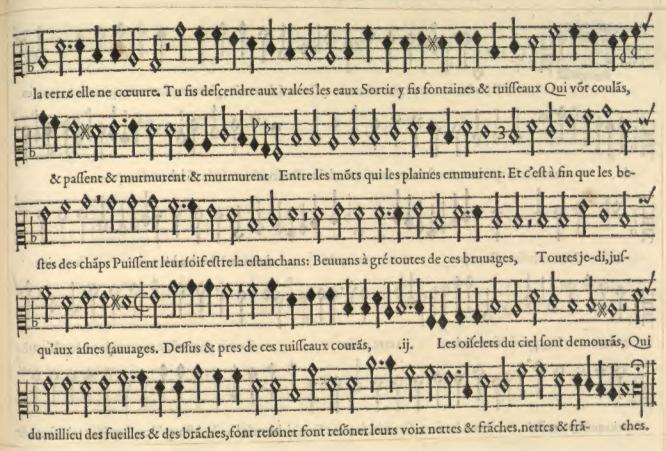

Partissant ce petit ouurage, Le plus fidelle tesmoignage De tous mes labeurs les plus beaux, Ainsi qu'en la voute emperiere Du ciel, la celeste lumiere Se partit des freres Iumeaux.
